| Statement of Personal Information Collection 1. The personal information provided in this application form will only be used for purposes directly related to this application. 2. For the purpose of application examination, the personal information collected may be transmitted to certain competent entities (including the entities outside Macao). 3. To fulfill the statutory obligations, the personal information collected may also be transmitted to the police authorities, the judicial authorities and other competent entities. 4. The applicant (employer / employee) has the right to request access to, correction and update of the above information pursuant to the law. Notes 1. A new Non-resident Worker's Identification Card (<input type="checkbox"/> should / <input type="checkbox"/> should not) be issued for this application. 2. If the employer does not choose whether to receive SMS related to this application, the administrative authorities will assume it to be "receive". 3. The validity of the Authorization to Stay as Worker and the Temporary Authorization to Stay as Worker is subject to the maintenance of the employment relation between the employer and the non-resident worker. As soon as the administrative authorities learn of the termination of the employment relation, the Authorization to Stay granted will be annulled. Failure to regularize the status of stay promptly at the Residence and Stay Affairs Department of the Public Security Police Force will render the worker to be in the state of illegal stay and penalized accordingly. Therefore, when the employment relation ends, the employer should notify the Residence and Stay Affairs Department in written form immediately, and the employee should go to the Residence and Stay Affairs Department immediately for the relevant procedures. | Employer Signature of Employer/ Signature of Person in charge and Company Stamp _____ (Signature should be consistent with that on the identification document) Date: | Employment Agency (if any) Signature of Person in charge and Company Stamp _____ (Signature should be consistent with that on the identification document) | | |
